DETAILED ACTION

Election/Restrictions

1. Applicant's affirmation of the election with traverse of species a, claims 35-47 and 49-52 in the reply filed on 06/27/2006 is acknowledged. The traversal is on the ground(s) that it would not be unduly burdensome to search and examine all species. This is not found persuasive because the species are not art recognized equivalents.

The requirement is still deemed proper and is therefore made FINAL.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

3. Claims 35-47 and 49-52 are rejected under 35 U.S.C. 102(b) as being anticipated by Weih et al. (US5200459, US5300555 or US5496884), for reasons cited in the previous action.

Response to Arguments

4. Applicant's arguments filed 06/27/2006 have been fully considered but they are not persuasive.

Art Unit: 1713

Contrary to the suggestion by applicant, polyvinyl alcohol is NOT a solvent or a co-solvent for the matter, it is a protective colloid in the latex. Weih et al. clearly teaches (see the abstracts of US5200459 US5300555) that the lattices can be utilized effectively in adhesive compositions **without** the use of volatile solvents. Even if organic solvents are optionally present, or even preferable present in the prior art compositions, they are clearly not required.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
